Michael Seilmaier

Wondrous Web Pearl Darling,2019-10-02 With mob hat on, and hair dyed black, French lady's maid Miss Chantelle Delacourt is undercover for one of the first cases for the Colangle Investigation Agency. Could it be a mission to catch a thief or a murderer, or even serious evidence of fraud? No. It's a case of a missing cat. Surprisingly simple one might think, except that the case brings Chantelle into contact firstly with the odious man that brought her over from France, and secondly with a man that sets her senses on fire like no other man could. His name is Renard and he seems determined to cause havoc for Chantelle's current employer, whilst playing fast and loose with Chantelle's senses. She can barely stop to think. But she knows one thing is certain. That cat won't find itself...

Unfinished Business Pedro A. Noguera,Jean Yonemura Wing,2008-08-18 In this groundbreaking book, co-editors Pedro Noguera and Jean Yonemura Wing, and their collaborators investigated the dynamics of race and achievement at Berkeley High School—a large public high school that the New York Times called the most integrated high school in America. Berkeley's diverse student population clearly illustrates the achievement gap phenomenon in our schools. Unfinished Business brings to light the hidden inequities of schools—where cultural attitudes, academic tracking, curricular access, and after-school activities serve as sorting mechanisms that set students on paths of success or failure.

The Legacy of The X-Files James Fenwick,Diane A. Rodgers,2023-11-16 The Legacy of The X-Files examines the content and production of the show, its reception, its use of legend and folklore, its contemporary resonance in politics and society of the 21st century, and its impact and legacy on film, television, the Internet and beyond. Having converged with the early widespread use of the Internet, The X-Files became a cultural touchstone of the 1990s, transforming from a cult TV show into a pop cultural phenomenon by the end of the decade. To celebrate the 30th anniversary of The X-Files, this collection examines the content and production of the show, its reception, its use of legend and folklore, its contemporary resonance in politics and society of the 21st century, and its impact and legacy on film, television, the Internet and beyond. The series' themes of government mistrust, conspiracy, folklore, UFOlogy, and faith are dissected and applied to how the show spirituality resonated with post-Cold War Western society. Contributors to this collection discuss the wide-ranging impact of the television show in popular culture, from Mulder and Scully 'shippers' to the show's slogan entering the contemporary lexicon. The Legacy of The X-Files serves as an all-encompassing, multi-disciplinary, contemporary account of

The X-Files, reflecting upon critical, historical, political, and social contexts, and featuring an in-depth and comprehensive introduction making it a vital work for researchers and students alike.

How to Be Happy at Work Annie McKee,2018-08-21 Life's too short to be unhappy at work I'm working harder than I ever have, and I don't know if it's worth it anymore. If you're a manager or leader, these words have probably run through your mind. So many of us are feeling fed up, burned out, and unhappy at work: the constant pressure and stress, the unending changes, the politics--people feel as though they can't give much more, and performance is suffering. But it's work, after all, right? Should we even expect to be fulfilled and happy at work? Yes, we should, says Annie McKee, coauthor of the bestselling *Primal Leadership*. In her new transformative book, she makes the most compelling case yet that happiness--and the full engagement that comes with it--is more important than ever in today's workplace, and she sheds new light on the powerful relationship of happiness to individual, team, and organizational success. Based on extensive research and decades of experience with leaders, this book reveals that people must have three essential elements in order to be happy at work: A sense of purpose and the chance to contribute to something bigger than themselves A vision that is powerful and personal, creating a real sense of hope Resonant, friendly relationships With vivid and moving real-life stories, the book shows how leaders can use these powerful pillars to create and sustain happiness even when they're under pressure. By emphasizing purpose, hope, and friendships they can also ensure a healthy, positive climate for their teams and throughout the organization. *How to Be Happy at Work* deepens our understanding of what it means to be truly fulfilled and effective at work and provides clear, practical advice and instruction for how to get there--no matter what job you have.
